HEATING

AUBURN 6 WOODSTACKER

Sleek, powerful, and proudly Australian-made — the Auburn 6 delivers up to 14kW of peak heat, combining radiant and convection warmth for medium to large homes. Its full glass door and metallic black finish offer modern elegance, while the single air control keeps the fire burning clean and the glass clear. Compatible with insulated flue systems and optional outside air kit. Backed by a 10-year firebox warranty.

* Refer to the specification sheet for full details of the clearance distances and heat capacity and output.

**Space Heat Output is only a guide based on homes with average insulation, window area, and 2.4m ceiling heights. Differences in these factors, as well as others like, geographical location, layout of the house, living room size, type of windows all play a part in choosing the right model for your heating needs. Consult your dealer or installation contractor for more information.
